

# Rally for Peace

By Taimi Olsen

Fall break is a time for every student and faculty to recuperate from several weeks of academic work. Yet this fall break can take on a new, deeper meaning. There is the opportunity to join with others in the search for peace. A state wide Rally and March for Peace will take place in Raleigh Sat., Oct. 22 from 11:30-3:30. Participants will assemble at the State Legislative Building in downtown Raleigh to hear speaker Bishop Walter Sullivan of the Catholic diocese of Richmond, Va. There will also be variety of entertainment, including the Cane Creek Cloggers.

The rally will focus on demands for no new European missile deployment, a freeze of nuclear weapons production testing and deployment, and an end to the arms race. The rally promises to be an enriching event both for self and for the public and hopefully will be a powerful witness for peace. If you can not attend and yet would like to be a part of the witness, you might write to your congressional representative in support of the witness.

This rally is very important since soon an amendment to delay deployment of Euromissiles may be imminent. Also, congressional committees will soon consider production funding for the MX missile and a Congressional floor vote of the Defense Appropriations bill is approaching.

**Libra (Sept. 23 - Oct. 22)** Strive for freedom, happiness, and sex. Let no obstacles stand in your way & use a bulldozer if necessary. Amends are in order for someone who cares about you that you have alienated.

**Scorpio (Oct. 23 - Nov. 21)** You will have the opportunity to deliver an important message or speech to an attractive party—remember the Binaca! Sagittarius and Cancer are in a position to antagonize you; enlist the aid of some hefty football jocks.

**Sagittarius (Nov. 22 - Dec. 21)** Family members highlighted. Now is an opportune time to make appeals for financial assistance from home. Friends also should be remembered. If family is unable to give funds, ask for care packages, brownies, M&M's, etc. Again, focus is on sharing the wealth with friends.

**Capricorn (Dec. 22 - Jan 19)** You are in the eye of a meticulous observer; watch your step. Periscopes may appear unexpectedly at corners and you may discover being followed by a large, yellow, underwater vehicle. Wear bright orange socks to deter attacks by Blue Meanies.

**Aquarius (Jan. 20 - Feb. 18)** Insight and sensitivity are key aspects of your social functions this week. You are in a position to give advice. Watch your tongue and choose words cautiously as glibble one may make life plans

around your wisdom—or lack of it! Study Zen and be sure to eat lots of yogurt cultures.

**Pisces (Feb 19 - March 20)** Focus on diet, exercise, physical activity. Now is a good time to share body heat. Avoid cutting off circulation in the extremities with too-tight shoelaces.

**Aries (March 21 - April 19)** Be prepared for changes in your social habits. A long week of drinking is foretold. Attack studies and beer with the same gusto. Seek help for muddled thoughts at the Academic Skills Center.

**Taurus April 20 - May 20)** Difficulties ahead may necessitate stocking up on anti-perspirant. Perseverance and pigheadedness will pull you through. Gastric upsets later in the week.

**Gemini (May 21 - June 20)** Blue tinges in the lunar fringes of your sign—a sure signal of impending Athlete's foot. Scrub feet with warm, soapy water, change socks often, & avoid playing footsie under tables.

**Cancer (June 21 - July 22)** Beware of the Black Magic Woman with evil on her mind. Send letter home and you will at last get some mail in your box.

**Leo (July 23 - Aug. 22)** Your aura will be especially strong this week—radiation suits may be advisable for those you're closest

to. Drink green tea to close your pores for porcelain complexion.

**Virgo (Aug. 23 - Sept. 22)** Don't jump the gun, but keep your finger on the trigger. Capricorns will get horny on Tuesday around your chaste sign but garlic worn around the neck will ward them off.

## Senate Notes

By Becky Gunn

Last week's Senate meeting centered around the report from the Presidential Life Committee about the questionnaires they are forming to ask students their opinions on co-ed housing. The committee sees co-ed housing as a positive concept and wants to know the reaction of students.

It also needs to be mentioned that the revisions of Guilford's alcohol policy were accepted with one small change. On page 19 of your student codebook in the first paragraph this sentence will be added: "Housing/security may make periodic spot checks to insure compliance with North Carolina law."

This does not mean spot checks in private rooms, but at parties that have been approved for by the Housing department.
