McLEAN REVIEWS BOSTON TRIP

CONGRESS HOLDS OPENING SESSION JANUARY 3, 1935

Roosevelt Speaks Before Joint Session

On January 3, the 74th Congress of the United States convened at the nation's capitol in Washington. Dubbed the "New Deal Congress" because the majority of its members are adherents to the "New Deal," the new Congress is expected to enact some of the most sensational legislation in the history of the nation's government during the next few weeks.

President Roosevelt's address, delivered before a joint session of Congress, made clear the fact that startling economic adjustments must be made in this country if the "New Deal" is to be acclaimed a success.

Major factors of the president's program for economic recovery which he asked Congress to enact were the abandonment of the dole system of relief and work for every able-bodied individual out of a job. He also asked for old age and unemployment insurance and the unification for all emergency public works into a new plan.

As political Washington became alive again, social Washington began to sharpen pencils in order to make out new guest lists for social functions which will include names also found on the House and Senate roll.

The blustering Huey, Louisiana's dictator, had to leave his little kingdom in order to be present in Congress. It seems that he would be a "fish out of water" in Washington where he is just another Congressman.

A jail sentence of 6 days, or a fine of \$10, is put on a co-ed caught wearing a fraternity pin at the university.

PRESIDENT STUDENT GOVERNMENT REPORTS ON N. S. F. A. MEETING.

Extracts From Addresses of Noted Speakers

Miss Margaret McLean, President of the Student Self Government, spoke in chapel last Saturday and again at Dr. Rondthaler's request in Y. P. M. on Wednesday, concerning her trip to Boston where she represented Salem at the N. S. F. A. annual conference from December 27, through January 31. Miss McLean's charming address follows:

"If you would spend five days meeting charming and delightfully curious people from all parts of the United States and with them discuss campus problems and college affairs until you are so tired you can scarcely walk let alone think, and with them also, dance and talk, laugh, play bridge and eat 'til three and four o'clock in the morning, if you would get a perspective on student life everywhere and come to a challenging recognition of your own insignificance in the great world of affairs, if you would hear splendid speakers make forceful, stirring pleadings with it to take advantage of its very youthfulness, if you would do all these things, go to the annual meeting of the National Student Federation of America when it convenes next December 27th.

"I left home Christmas night, absolutely breaking my heart in twain by so doing. Indeed I'd like to imply that my departure broke two or three other people's hearts too, but I really don't think anybody else even felt a twinge, I got off the train in Norfolk in the pouring rain and slushed about in it all day until 4:00 when the boat bearing the inappropriate name, "Junetta" heaved off from shore. Incidentally etta only two more meals before arriving in Boston 36 hours later.

"N. S. F. A. which is the workable name of National Student Federation is quite well organized and the program of our five days was well worked out. I had been sent a copy of all tentative arrangements before I left home, besides railroad rates and schedules, and various discussion material and questionnaires to each individual that it ought getting in to as did the others, so we really started the business of

MISS M. L. MICKEY IS NEW FIELD SECRETARY

Miss Preston's Engagement Announced

Miss Anna J. Preston has resigned her position as field secretary of the Alumnae Associations of Salem College and Academy. During the holidays Mr. and Mrs. E. R. Preston announced the engagement of their daughter to Mr. Emil N. Schaffner, son of Henry Schaffner of this city. Miss Preston graduated from Salem College in 1932. She was very active in campus affairs and in her senior year she was president of the Student Government Association and also May Queen. For the past two years she has been the travelling secretary for the Alumnae Associations of the College and Academy. The approximate territory that she covered, two or three times during her secretaryship, extends from New York to Miami, Florida, and from Eastern Tennessee to Northern Alabama. Miss Preston visited nearly two hundred high schools—showing them moving pictures of campus life and telling them of Salem. She visited alumnae associations, organizing new ones and reorganizing some of the older ones. She called on individual prospects who were interested in Salem and helped some to decide on a curriculum.

Regardless of her many duties, Miss Preston always went out of her way to relay messages that Salem girls had for their friends and parents. Her headquarters were at Salem College and on an average she made three trips a week. Miss Preston is now at her home in Washington, D. C., where she will stay until February 9, the date of her marriage to Mr. Schaffner. The couple will then make their home in Winston-Salem.

Miss Mary Louise Mickey is the successor of Miss Preston as field secretary. Miss Mickey graduated from Salem College with a B. A. degree in 1933 and a B. Mus. in 1934. She was a very loyal and interested Salem student, being chairman of the May Day Committee in her senior year. She spent the past fall months in New York City where she held a secretarial position.

The two main objects of her new position, as Miss Mickey sees them, are, to visit prospective Salem students, telling them of the courses and to keep up with the alumnae. At the present time she is planning for an Alumnae Home Coming to be held on Founders Day, February 1 and on February 2. Representatives from every alumnae association are to attend. After the Home Coming Miss Mickey will travel—visiting high schools, attending alumnae meetings and conferences and calling on individual prospects. Miss Mickey is planning to print from time to time the itinerary that she is going to make so that students and alumnae will know where she is travelling. In this respect she would appreciate

LOUISE BLUM WINS CONTEST SPONSORED BY PUBLICATIONS

The two publications, the "Salemite" and "Sights and Insights" sponsored before Christmas an advertisement contest which closed December 15. Louise Blum was proclaimed the winner with \$10 as the prize. The purpose of the contest was to create more interest among the Salem students for the city merchants and to encourage them to patronize the advertisers. The contest is over but let's co-operate one hundred per cent with our advertisers. They are standing behind us—let's show them that we appreciate their splendid spirit and are eager to prove our appreciation.

MISS LILLY BRINGS MESSAGE TO NEW YEAR VESPERS

Points Out 'Resting Places'

The first Vesper Service of the New Year, on Sunday, January 6, was filled with encouragement and hope. The program was opened by a Prelude played by Miss Nancy McNeely, followed by a hymn. Miss Jane Williams then read the Scripture and made a prayer. Following this "Fairest Lord Jesus" by Hildaeh was beautifully sung by Miss Mayme Porter.

The address, by Miss Lilly, brought out several important facts. What can we believe in? We can put our faith in the fact that "God is." And that Christ is the manifestation of God. Man is created in the image of God—in that way he is able to aspire to ideals which other creatures do not realize. In closing, Miss Lilly answered the question, how can we know what things are valuable? The Scripture found in Phillipians 4:8. "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think on these things."
