SHERWOOD FOREST PLAZA

With the arrival of spring, few bicycles hit the "rack."

In the thirty years that Smokey Bear has been telling us to be careful with fire, we've cut the number of forest fires we start in half.

But we still start over 100,000 careless fires every year.

Someday, one of two things will happen, and Smokey will stop reminding us to be careful: Either there won't be any more forest fires, or there won't be any more forests.

It's up to you.
