Interclub Weekend is upon us so Big 4 wanted to send you a few reminders in hopes this will help make this weekend the best possible for all of us.

1. SALEM I.D.'s will be absolutely required by all Salem students.

2. Absolutely NO SMOKING in the refectory. There will be smoking allowed in the Student Center and in the entrance foyer. Due to the rug, this is really important. There will also be mixers in the Student Center so take a break and go there for a drink and a cigarette.

3. The band will quite playing at 12:45. Everyone sigh out keys before the dance so there won't be a huge rush to the dorms afterwards. Consequently, since you don't have to rush, we'd appreciate if you would pick your own trash!! THANKS.

4. Coolers will be allowed in but must be kept under or on the tables. None will be allowed around the stage. Also, please wait and dump them outside, not on the carpet!!

5. Everyone is responsible for the behavior of her guest and herself. The occurrence of the next dance is always pending on the behavior at the present dance, (no gatoring, getting on stage, breaking coolers, etc.). Big 4 realizes that most of the student body is aware of the importance of proper behavior. Please take this as a reminder, not as a reprimand. Thanks and Big 4 hopes everyone will have a great time!!

News Beyond The Square

Sunday - The Carter administration said (Sun.) that Egypt and Israel have tentatively agreed on a peace treaty to end 30 years of war. This break through in the Peace talks occurred after intensive meetings with President Carter and a long session Saturday, said George Sherman, a State Department spokesman.

"The principal issues in the negotiations have been resolved so far as the Egyptian and Israeli delegations are concerned and the text of the treaty has been referred to both governments for approval," said Sherman.

Monday - Egypt asked for modifications (on Mon.) in the proposed peace treaty with Israel, apparently dissatisfied with the draft's language linking the Palestinian issue and an Egyptian-Israeli settlement.

The modifications sought were not yet specified but Sadat informed the Egyptian delegation in Washington about some "technical remarks" on the text.

Vatican City- On Sunday, Cardinal Carol Wojtyla Krakow formally began his reign as Pope John Paul II. History's first Polish pope assumed the throne of St. Peter before one of the largest crowds in Vatican History. Dignitaries from 102 countries, including Poland's President Jablonski, and representatives of Protestant and Eastern Orthodox Churches attended the ceremony. The Pope's homeland and 44 other countries viewed the ceremony via television hookups. Vatican officials said it was the most-televised religious ceremony in history.
