BAILEY HIGH SCHOOL DECEMBER 19, 1933

## P.T.A. HOLDS LAST YEAR'S MEETING

The Bailey P.T.A. enjoyed a most delightful programme Thursday Night, Dec. 14. The girls glee club opened the programme with a series of Christmas Carols after which Mr. Cunningham read the Christmas story as recorded by Luke. The Rhythm Band from the first grade under the direction of Miss Privette and Miss Barnes gave a selection. The speaker for the evening was Dr. Ellis of the Baptist Church in Wilson who spoke on "Our Natural Resources".

After the counting of the parents, the first grade with 18 parents present received the cake and the P.T.A. banner. The new high school and grammar grade library books which were bought by the P.T.A. were shown to those present by Mr. Grant who spoke also on the plans for our new gymnasium.

The meetings this year have been very successful and have certainly shown a decided progress in the interest of parents. We are hoping that all the future meetings will be as enjoyable and constructive as the past three have been.

## CHRISTMAS PAGEANT TO BE PRESENTED THURSDAY NIGHT.

A Christmas pageant "O Holy Night" will be presented by the elementary department of Bailey School. Thursday evening Dec. 21. The glee club under the direction of Miss Privette will form the

chorus and render the Christmas carols. A dramatization of the several scenes in the familiar Christmas story and the accompanying carols compose the pageant. We are looking forward to a good and effective program. Come and enjoy the evening with us.

## HIGH SCHOOL ATHLETICS

Bailey School has been handicapped in the past in any physical education program which should be begun. The boys and girls have not been given the opportunity of students in other places.

For the first time in several years we now see a plan by which there is a possibility for Bailey to have a gymnasium, and one which the town and community may be proud. Through the Civil Work Administration we can get a good building for a small amount.

This is the time for the patrons of the school to get behind the project and give whole-hearted support for the benefit of the boys and girls of the community.

Work is to begin on the building as soon as all necessary plans are completed and to be completed in two months. The building is to be large enough to accommodate hundreds of spectators and still have sufficient room for a good basketball court.

The building will be a fine place for community gatherings which are too large for the small halls in the town.
