

SENIOR INTEREST

SENIOR CLASS DAY EXERCISE

Elmo Bissette

On May 2, 1940, at 8 o'clock P. M., the Seniors will present "The Rainbow Trail," their class exercise.

All exercises do not carry out the same ideas. "The Rainbow Trail" is made up of three acts: Act 1, a dreaming boy; Act 2, our last class party; and Act 3, what the rainbow trail has brought us.

This will be the last performance given at Bailey High School by the Seniors; therefore they are going to put their greatest effort on their exercise in order to make it worth everyone's time to come and see it.

TRIP TO WASHINGTON

Amelia Williams

On May 6 a number of the seniors and all the outsiders that will be planning to take a trip to Washington, D. C.

Since this trip will last for only four days, it will permit a person to be able to see all of the most important places as well as some that are not important.

Thirteen dollars and sixty cents is the cost of the whole trip- all that a person will need besides money for shows and drinks or anything one would want to buy for himself.

This will not only be a pleasure trip, but a trip where a person can learn some things of value. Everyone in this day and time is trying to get a higher education. Since taking an educational trip is one means of

getting more education, why not join this group and take this trip to Washington for its education value as well as for pleasure?

So far there is not enough going to fill a bus. The class will be glad to have anyone accompany this group on the trip to Washington.

SENIOR SUPERLATIVES

During their four years in high school, members of the class of 1940 have helped to make their class one that will be remembered through the years. Due to some misfortune the senior class is only about one-half as large as the freshman class was. The senior class of 1940 consist of twenty-eight members who have cooperated with the faculty each year to make Bailey High School a better school. The class has reached the goal that it has worked so hard to gain, "A High School Education." After their high school days are over, some of the seniors will go to college to further their education while others will begin life's work. The members of the senior class have chosen the following students as superlatives of the class because of their action, their out look on life, their cooperation, their conduct, and other qualities.
