

## ROBERT GRIFFIN ENJOYING COLLEGE LIFE

Atlantic Christian College  
Wilson, North Carolina

Dear Mr. Editor,

I am very glad to have the opportunity to write a letter to be published in the school paper. I saw last month's issue and thought it to be exceedingly good.

I am a sophomore at Atlantic Christian College and at the present I am taking sixteen semester hours of work. These courses are Spanish, geography, history, chemistry, psychology, and physical education. These are the courses a student takes who plans to get an A.B. degree. Most of these courses are familiar to you, but in college we go farther into detail and cover more territory in much more shorter time than in high school. These courses are very essential to a person, but I think that the

college life is just as important. In the four years in college you will make friendships that will mean a great deal to you.

We have twenty-two organizations on the campus, a few of which are three fraternities, three sororities, Y.M.C.A., Y.W.C.A., International Relationship Club, Glee Club, and etc. Of course you cannot be a member of all of these, but you can choose the ones you like. I am a member of a fraternity, International Relationship Club, and Y.M.C.A.

Our school is a denominational school; therefore most all of the students participate in some religious activity.

We have five other students here from Bailey besides myself. They are getting along fine, and I hope to see some more from Bailey next year.

Sincerely yours,  
Robert Griffin

## F.F.A. EARNS MONEY

Various means of raising money has been adopted this year by the Bailey F. F. A. Chapter to secure money for needed equipment in shop work. Already the chapter has promoted a fair exhibit at Rocky Mount, sponsored a radio personality show, sold drinks and candy at ball games, and sold garden seeds. Plans for the future include a refreshment stand at the F. F. A. tournament and another radio personality show. Activities to date have netted \$36.
