

SENIORS GIVEN CLASS PARTY

Mrs. W. W. Stott, senior grade mother, honored the senior class February 13, 1941, with a Valentine Party at her home. As each person arrived he was given a heart to write a secret verse on. From then on fun and laughter was heard the remainder of the evening as the games continued. Albert Lamm and Maebelle Bissette proved to be the fastest and best thinkers of the class as they took away the prizes for the contests.

The senior mascot, Little Miss Clara Lou Stott, dressed in valentine costume, assisted her mother in serving the refreshments.

CHAPEL PROGRAMS GIVEN OVER SOUND SYSTEM

Several chapel programs have been presented by Bailey High school students over the school sound system this year.

The juniors presented a Carl Goerch hour; the freshmen, an amateur hour, and the seniors, a one-act comedy, "Enter the Hero."

The faculty and students feel that the sound system is in this way serving a dual purpose-training the students to talk over the radio and teaching them to be good listeners, both essential in the ever broadening field of radio.

HOME ECONOMICS GIRLS MAKE CANDY

The Home Economics girls who are taking a unit in candy made fudge on February 7. The candy was a success. They plan before the unit is completed to learn how to make sea-foam and many other kinds of candy.

At the senior and high school plays these girls have been selling home-made fudge and sea-foam candy. The proceeds from the sale of peanuts and candy to date is \$4.66. A dollar and seventy-five cents has been spent for equipment for the Home Economics room.

They plan to continue their sale of candy at future entertainments.

NINTH GRADE CLASS WILL PUBLISH PAPER

Members of Mrs. Farmer's English class, who have been studying Silas Harner, are editing a special edition of "The Raveloe Weekly" to be dedicated to Silas Harner, an old citizen of Raveloe. All members are participating in making the paper. Many news articles, advertisements, deaths, social events, and editorial news have been written on incidents that happened during the story. Those articles will make up the paper.

Publication of the paper will be the first of next week by members of the class. All members will receive a copy after it is finished.
