

## P. T. A. ADOPTS OBJECTIVES FOR THE YEAR

At a meeting held Sept. 3 at the school building the Executive Board of the P.T.A., the Chairmen of standing committees, and the faculty members formulated objectives for the year: to secure better attendance at P.T.A. meeting, to organize more effectively the work of P.T.A., to improve cooperation within the organization, to provide more varied and instructive programs, to encourage attendance in the elementary grades sufficient to gain a needed teacher to that department next year, and to make an effort to feed in the lunch room every child in school.

At its first meeting the P.T.A. adopted these objectives as goals towards which the organization would work.

### FOURTEEN HUNDRED QUARTS CANNED FOR LUNCHROOM

Aided by her helpers, Mrs. Murray this summer canned fourteen hundred quarts of fruits and vegetables, including string beans, soup mixture, apple sauce, squash, and lima beans.

With this added canned produce the workers believe the lunches will be improved this winter.

No lessons are assigned but pupils are expected to read certain verses that he suggests in relation to the subject of the day.

Dr. Roy G. Ross, general secretary of the International Council of Religious Education, points out that great strides have been made in recent years in week day religious education classes.
