

**1941 GRADUATES CHOOSE EXTENSIVE FIELDS**

Many of last years graduates from Bailey have continued their studies in various colleges throughout the state and Virginia. Others not so enthusiastic about further studies have decided to begin their own living. Still others preferred to remain at home and aid their parents. Among the latter are Rosalie Earp, Brooks High, Randolph Dew, Reba Murray, Norman Patterson, Wilbert Manning, Edith Denton, Georgia Denton, Pearl Manning, and Thomas Finch.

Bruce Vick and Esther Finch are both in business college in Raleigh. Rella Pace is enrolled at Atlantic Christian College in Wilson.

Charles Medlin is now attending business college in Norfolk, Virginia, while his classmate, Isabelle Vick, is continuing her schooling at Appalachian State College.

Rachel Bissette serves as office girl for Bailey's new doctor, Dr. Daniel.

Albert Lamm now serves

his country by working in Newport News at the ship yards.

One of '41's best students, W.S. High, is now working in an ice cream plant in Baltimore, Maryland.

**ENROLLMENT OF HIGH SCHOOL LARGEST EVER ATTAINED**

Bailey High with 178 enrolled this year breaks all attendance records. The students and faculty are proud of this record and hope the number will increase, not decrease.
