## WHY NOT "CLEAN-UP WEEK"?

- If "Cleanliness is next to Godliness" Bailey school doesn't rank very high. A housekeeper is judged by her house; in the same way students are judged by their school. In his home a student doesn't make it as unattractive as possible by throwing paper on the floor. With waste baskets in every room there is no need for popsicle bags and sticks and scrap paper to be scattered throughout the building. Why not make the week of October 20-24 "Clean-up Week"? With full cooperation from the student body Bailey can be brought up to the same level as the cleanest school in the county.

## BETTER ATTENDANCE BADLY NEEDED

Unless attendance improves the school can't possibly gain a much needed new teacher in the grammar grades or even retain the present number. For the first four weeks

the school ran on a short schedule to enable students to help at home but even then there were over 800 absences. Since the busiest season is over, work at home can't be used as an excuse. By having additional teachers the classes are smaller thus benefiting the individual even more than the school. In order to prevent a return to the crowded conditions of past years attendance must be better.

## IDLE LOCKERS SHOULD BE PUT INTO SERVICE

At the expense of three or four hundred dollars the county installed lockers in high school last winter. After the enthusiasm of getting them died down, the students used them very little. Unless a thing is used it is of no practical value. Keeping a few books in the lockers can save time in changing classes. If the students begin using them, they will soon find that they can hardly do without them.

## DEAR EDITOR:

For the past several years new shades for the library have been needed badly.

Even when Mr. Williams was principal here, supervisors visiting the library mentioned the shades. I would like especially to see purchased this year new shades for the library.

THE BAILEY BUGLE WILL BE GLAD TO EXCHANGE COPIES WITH OTHER HIGH SCHOOLS!!!

## CHALLENGING THOUGHTS

The best way out of a difficulty is through it.

Every impression brings forth an expression.

No woman really makes a fool out of a man. She merely gives him an opportunity to develop his natural capacities.

A pat on the back develops character, if administered young enough.
