## BAILEY BOYS SERVING UNCLE SAM

By Josephine Lamm

Bailey School and community have sent many boys into Uncle Sam's armed forces in the last few years.

These men are serving their country in the most honorable way.

To know that these boys have gone into the world not afraid, but glad to fight for the freedom of this country at any time, brings a throb into each heart of this community. This month we pay tribute to our own brothers and friends in UNCLE SAM'S forces.

## WHY FIGHT?

Why help others start a fight  
 When they forget us by night.  
 Let us stay out of war  
 And have peace for evermore.

All they want is a crack at us;  
 They know just how to start a fuss  
 After many American ships are sunk,  
 They'll say America has no spunk.

Europe is many thousand miles away;  
 No part in their fighting should we play.  
 For if we fight, we may get beat;  
 Then under Hitler we must eat.
