The annual Father-Son Banquet of the Bailey Chapter was held in the Bailey Club House on Tuesday, November 18, 1941. The club room was made especially festive for the occasion. DEFENSE CLASSES ORGANIZED

Two defense classes are now in operation, having been organized on Thursday, December 4. These classes offer training to out-of-school young men between the ages of 16 and 25. Training through these classes makes these young men eligible for government defense jobs. At the present one class is being taught by Steve Boykin in Advanced Electricity. The other class is in metal work and is being taught by D. S. Boykin. There are 32 men enrolled in the two classes. This is a splendid opportunity for young men to better fit themselves for the necessary defense work of our country and never was there a time when such work was more greatly needed.
