

Pupils Hear Rose Bowl Game

As those two great football teams, Duke and Oregon State, met January 1 in Duke stadium, in the football classic of the year, one-half of the Bailey High School student body was at their loudspeakers. Students greeted each touchdown made by their favorite team with loud cheers and yells.

Bailey teachers seeing the game included Mr. and Mrs. Rogers, Mrs. Glover, Miss Charlton, and Miss Fleetwood. Only one student, E.C. Griffin, attended the game.

ENGLISH CLASSES STUDY LITERATURE

For the new semester a few changes have been made in subject matter taught in the high school. Turning from their English grammar, all English classes have begun a study of literature.

Members of the eleventh grade have traded their well-worn Economics books for Sociology books.

BETTY GRABLE VOTED MOST POPULAR IN POLL OF FAVORITES

S. Jones

Results from the poll of favorite programs, actor, and songs conducted recently proved a striking similarity between the choice of girls and boys. Votes cast in answer to the question Who is your favorite movie actor? showed Clark Gable a favorite among the girls, while James Cagney came out on top for the boys. Betty Grable, a favorite among both girls and boys, received votes as the most popular actress.

In answer to the question What is your favorite song? that famed train, the "Chatt-

anooga Choo-Choo, took the lead.

Among the girls "The Aldrich Family" capped the honors as the most enjoyable radio program, while that high riding gentleman from the wide open spaces, the Lone Ranger, proved the boys' choice.

Surprisingly enough both girls and boys agreed that the best movie they had seen recently was "Gone With The Wind."

"Gone With The Wind" also carried the honor as the most popular book with the girls; for the boys mystery stories held top place
