

ENROLLMENT OF BAILEY HIGH CHANGES LITTLE

As school begins after Christmas holidays are over, something unusual takes place in Bailey High. Every year new students are gained and old students lost. This year only three new students have enrolled in high school. To join the freshmen class enters Howard Barnes, hailing from Weldon High School. Also in the eighth grade are Hildred Joyner, from Rock Ridge, and Ivan Denton of Spring Hope School.

Absent from the senior class is Hayes Flora and from the eighth, Marie Murray.

The other grades have made no changes in their enrollment.

FIRST AID CLASS STUDIES BANDAGES

In line with defense the first aid club is now practicing the various methods of bandaging the different parts of the body in case of injury, Miss Lackey has purchased for the club several types of bandages and gauze. The club is now studying the types of bandages and how to use them for different kinds of wounds. In connection with this study the chapter on Wounds has been assigned for the next meeting.

Defense Registration Disappointing

The call for saving America and its ideals rang out to the Bailey people as well as other loyal Americans recently, but the response was far from unanimous. All citizens between the ages of 16 and 64 were asked to register for civilian defense. From Bailey 500 citizens should have registered but actually the figures read 197. Only one grade in school, the twelfth, registered 100%. There are 67 pupils in high school over 16 years old, only 28 registered. Everyone should have offered willingly and enthusiastically his services to help his country. Facts should be faced if each person does not offer his assistance and cooperation, this, the greatest struggle of America, cannot be won. It must be every shoulder to the wheel. J. L.

Cleo Jackson, a former pupil, who is now a patient in the Nashville Sanitorium, was made happy at Christmas by a "sunshine" basket from the seventh grade.
