1942 -

what does it hold for the youth of America?

For some there will be foreign battlefields; for others, defense work at home. But for everyone there will be the task of carrying on in the American way. Students must realize that in school they are preparing to be future leaders, and not a day must be wasted. Americans must resolve that 1942 is going to be used, every moment of it, wisely.

1942 presents a challenge to every American to face the New Year cheerfully, for somewhere in the days to come the American people will find that precious treasure-peace.

CHALLENGING THOUGHTS

For age and wants SAVE while you may;

No morning sun lasts a whole day

Experience is a dear school, but fools will learn in no other.

BENJAMINE FRANKLIN

CAN YOU

Face temptation and not yield?

Accept the decisions of every judge you meet in life whether it be in school contest or life's court?

Do as your conscience says even though "the crowd" is doing the opposite?

Smile and keep quiet though every part of you aches to talk back?

Refrain from starting, believing, or passing on gossip?

See something good in everybody and help him to correct the bad?

Keep thumbs up when things look pretty bad and it's so easy to criticize?

SAVING WASTE PAPER

is no sacrifice. The paper is of no use to the student after it has been used, but if saved insures a supply of paper for school use, magazines, and newspapers in the future. Collectors of waste paper are not interested in the grades made by Bailey students; paper should not be torn or crumpled because of the grades in them. By cooperating in saving paper students are helping defense needs in a small way, and helping in small ways is what wins large victories.

AGAIN THE BUGLE REMINDS

students that several awards are to be presented at the close of this year to those students who worked hardest toward receiving one. Prized among the awards will be watches for scholarship and all-round citizenship, the citizenship medal, and the scholarship medal. Students who receive awards will be those that have striven toward this goal all the year, not those that start working at the last minute.
