

HONORS OF YEAR REVIEWED

NUMEROUS AWARDS INSPIRE STUDENTS

A check up reveals that twenty students have received honors of some kind this year. The school encourages the recognition of merit won by giving various awards.

Macbelle Bisette in late summer took second place in the Girls Division of The Ford Good Driver League in this state.

In recognition of his heroic efforts in saving a fellow companion Kenneth Gay, a sixth grader, was awarded a life saving medal by the Young Men's Athletic Association. Kenneth Farmer, as president, is ably leading this young association.

CHOSEN AS PRESIDENTS

Chosen at the beginning of the year to lead their classes through '41-'42 were Sidney Jones, Twelfth grade; Jack Farmer, eleventh grade; Horace High, tenth grade; Bobbie Morgan, ninth grade; Florence Miller Joyner and James Haskins, eighth grades.

Other presidents directing various club activities are Richard

Stott, F. F. A. Chapter; Josephine Lamm 4-H and commercial clubs; Horace High, Dramatic Club; Aileen Finch, First Aid Club; and Bobbie Morgan and Florence Joyner, Home Economic Clubs.

MEDALS AWARDED

The school presented journalism medals to Sidney Jones, Christine Finch, Marie Morgan, Marks Underwood, and Josephine Lamm last month for their achievements in journalism during the year.

For their speed and accuracy in typing, Mrs. Lassiter has given four typing medals this year to Ruybe Lamm, Marie Morgan, Christine Finch, and Marks Underwood.

JOSEPHINE LAMM was County Room Improvement Champion for the past year and has won her fourth project 4-H Club pin.

Stephen Earp, Braston Honeycutt, Richard Stott, Clarence Newsome, and Harold Cooper were on the seed judging team that won out in the county this month at Nashville.

STUDENTS PUBLISH BUGLE THIS MONTH

Journalism students are this month publishing the "Bugle" with only suggestions and criticism from their supervisor, who previously has been helping do the work. The editors are supervising the paper, and members have been assigned separate pages to plan. The staff is assuming the initiative and responsibility for the publication of this issue.

Inexperienced Workers Do Mimoscope Work

Part of the mimoscope work done on this issue of the paper has been done by inexperienced workers who are training themselves to become active members of the staff. They are Margaret Brown, Frances Bisette, Elsie Pearl Eatmon, Martha Bunn, Ruth Ruffin, Juanita Brantley, and Josephine Pace. Their skill will be more beneficial next year after the old artists graduate.
