

ELEVENTH, TWELFTH GRADES COMBINE

To make possible a division of the large ninth grade and to encourage a more cooperative spirit between eleventh and twelfth grades, the latter grades are combined for this year.

The home room teacher announces that this arrangement is creating a sense of oneness between the two classes that are now working together harmoniously toward attaining senior privileges and promoting senior activities.

Elimination of the feeling of jealousy noted in last year's separate home rooms is another objective hoped for by this union.
