F.F.A. PRESENTS
PROGRAM FOR P.T.A.

The future farmers presented their annual P. T. A. program last night at the school auditorium. The program, beginning with the regular opening ceremony by the chapter officers, continued with the creed recited by a freshman, and the benefits read by Martin Liles. A short talk stressing the farmers' part in this present crisis by Richard Stott was followed by a short musical program. The meeting was closed in regular order by the president, Horace High.

FUTURE FARMERS
HOLD INITIATION

Freshmen taking agriculture become full pledged members of the F. F. A. after having come through the initiation ceremony.

As usual the initiation creates fun for all.

Following the ceremony all members enjoy a weiner roast.

BAILEY CHAPTER
BUYS STAMPS
REGULARY

North Carolina Future Farmers rank second in the United States in buying war bonds and stamps.

The Bailey Chapter, as one of North Carolina's F.F.A. organizations, has done its part by purchasing stamps and bonds 100 per cent. The method adopted last year whereby the agricultural adviser sold stamps and bonds to the students is continued this year.

To reach the goal of 100 per cent the chapter requires each member to buy a war bond or stamp each week or month.

By the end of 1942 Future Farmers desire to place North Carolina at the head of the sales made by the states.

FEDERATION MEETS
AT SPRING HOPE

The First business session of the year meeting at Spring Hope Wednesday, Nov. 4, adopts a plan of work mapped out for the year by boys and their advisers.

After the meeting the Spring Hope Chapter served a supper of barbecue, potatoes, slaw, cornbread, and coffee.

The delegates from Bailey were Horace High, Louis Bissetto, Richard Stott and Mr. Tapp, adviser.

The Bailey Chapter will be host to the federation next month.
