

# NASH COUNTY ALLOTS \$70 PER SCHOOL FOR LIBRARY

## ADDITIONAL LOUD SPEAKERS TO BE ADDED

Ten additional speakers for the public address system will be installed in the school building in the near future.

"The present speakers used for making announcements, addresses, and presenting programs fail to be most effective since all rooms do not have them", says Mr. Carl H. Walker, principal. For that reason others are being added, paid for by the school.

During the summer of 1940 ten speakers were installed. They were placed principally in high school rooms.

## BAILEY TO GRANT

### NO HOLIDAY

### THANKSGIVING

Bailey school will not close for Thanksgiving holidays, even though Nash County permits any school to have one day.

Principals and teachers of Bailey and Mt. Pleasant schools, knowing the students and teachers with friends of homes at a distance cannot visit them and return in time for school the next day, decide to continue teaching. A short schedule will permit students to reach home for Thanksgiving dinner.

## SENIORS OF '42 PRESENT GIFT

Seniors of 1942 are presenting as a gift to the school a bulletin board, three by four feet, that will be placed over the trophies in the center of the front hall. This gift given by the seniors costs fourteen dollars and forty cents.

## ALL LOCKERS RENTED

Use of lockers during the first few weeks of school by students not paying rentals makes necessary a request by the principal that all students rent lockers before using them.

Mr. Walker's request brings forth a demand that makes a four-to-a-locker sharing plan compulsory.

## BUGLE SUBSCRIPTIONS INCREASE

175 paid subscriptions for the Bailey Bugle, an increase over that of last year, has been acquired through the efforts and co-operation of the students in the grammar and high school departments.

To date the high school leads in the contest to get a paper in every home. Inter-

## SCHOOLS TO MATCH APPROPRIATIONS

Nash County allots \$70.00 for purchase of library books for each school in the county provided individual schools match this fund, thus enabling any school to buy \$140 worth of library books. \$35. is specified for each high school and grammar grade department.

## P.T.A. RAISES FUNDS

The Bailey P.T.A., raising its \$70 by means of cotton picking, selling tobacco, and using a small amount from the treasury, has placed its order for books.

All types of books are being bought, dividing the number as evenly as possible among the different classifications required for a standard library.

ost in the school news by those living in town and not having children in school is evidenced by the 36 subscriptions secured there.

In addition complimentary copies are mailed to many school friends and officials and to schools desiring to exchange papers with Bailey.
