

### Members Of Y.F.A. Urged To Attend Choir Practice

Co-operation is the one essential needed among all groups in time of war. Little things become of utmost importance.

In our town we have organized a Youth Fellowship Organization of the Methodist and Baptist Youths. Meetings have been regular and attendance good; however there is one setback. When the group decided to organize a junior choir, the members failed. They did not appear at the church on Sunday afternoons for practice.

A choir will never be formed without this much needed practice. Are you guilty of absence?

Martin Lilos  
President

Swamped with requests for rationing cards and short of help the Rationing Board at Nashville announces that cards will be mailed to individuals as fast as possible.

### Whos Who In B.H.S. For Semester

Students outstanding for leadership and initiative generally receive the highest honor awarded by the school. Those so honored for the first semester include PRESIDENTS of classes and organizations:

#### Eye Clinic To Be Held At Nashville

In the near future an eye clinic sponsored by the county will be held at Nashville to enable students having poor eyesight to have eyes examined and to secure needed glasses.

Teachers will be responsible for testing students' eyes and advising them as to what steps should be taken.

Any students who can afford the price of glasses will be expected to pay; those who can't will have glasses furnished.

Mr. C.H.Walker, principal, announces that students who can't get to Nashville will have ways provided.
