Everyone Goes To The Show

Just as gas rationing became tighter and tires, thinner, a new theatre "sprang-up" in Bailey. It's very nice, too. Nearly everyone of the students has seen at least one picture there. You'll find lots of the "grown-ups" there too.

In the ticket-box selling tickets is Jessie Haskins. Charles D. Phillips takes them up.

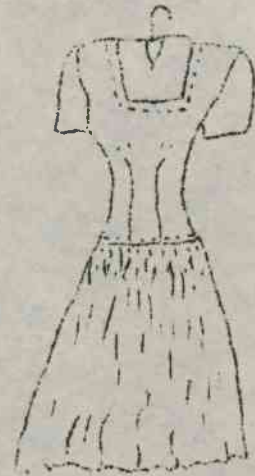

Well, I must go now; it's time for the eight o'clock show!

Appropriation To End

Although it will take twelve months to complete the water works project in Bailey, the school will be able to connect on in about 30 days. Appropriation of government funds ends June 30th; for this reason it is improbable, say town officials, that the project will be finished until after the war.
