

CHURCHES SUPPORT VICTORY GARDENS

Because of the present shortage of food supplies, Rev. D. A. Petty has purchased thirty bushels of Irish potatoes to be distributed in the Bailey and Mt. Pleasant communities.

Persons desiring seed potatoes will be given from one-fourth to one bushel. A prize is offered to the person having the best yeild in proportion to the amount of potatoes planted.

After harvesting, potatoes will be sold to a retailer, the proceeds going to the church for world service work.

Rev. Petty reports that this plan worked very profitably last year and hopes for more success this year.

Ivan Denton To Be Bailey's Cartoonist

"You should read this funny book. Rootin Tootin Comics by Ivan Denton."

"Ivan Denton?"

"Yes, and its as good as any of those you buy!"

"What kind of comics does it contain?"

"Oh, it contains three, The Merry Adventures of Buck Shot, The Astral, and Jungle Boy."

"Sounds good."

"Well it is. He did all this drawing by himself too."

Bobbie Morgan

School Bills Pass

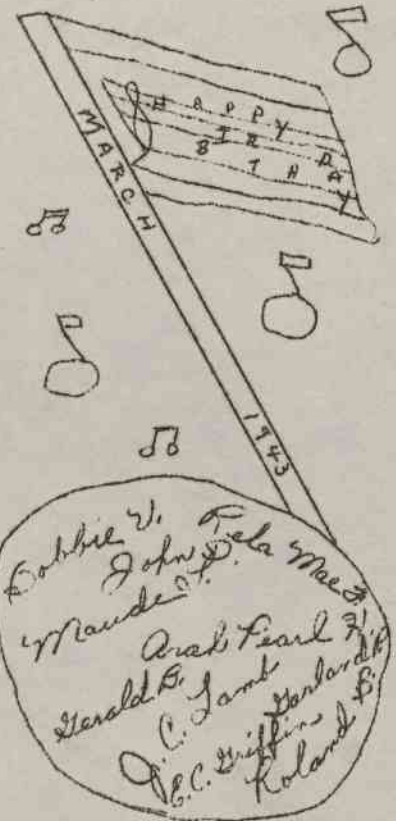

Passage by the State legislature of a nine-months school term for North Carolina schools assures in the future more equal educational opportunities for North Carolina students.

Compulsory attendance in some form is also to be stipulated.

A third bill directly affecting school people, a graduated salary increase, has likewise passed. These bills will aid in placing North Carolina on an equal educational status with more progressive states.

Ration Books Issued

Twenty-four hundred war ration books number two were issued at Bailey February 22 through 26. In charge of the registration were Mrs. A. B. Farmer and Mr. Carl H. Walker. They were assisted by faculty members and high school pupils.
