

Students Serve As Janitor

Announcing that Joe, the janitor, was in the hospital for treatment but that three six grade boys, Percy Denton, Jack Wells, and Harold Hinton, had agreed to assume Joe's work in the afternoon for 50 cents each per day, Principal Weaver urged the teachers to cooperate with the boys in anyway possible. On the whole, no complaints were made and the school appreciated the boys' work.

Joe is back now, continuing his work as usual.

JUNIORS RAISE FUNDS FOR BANQUET

For the purpose of raising funds for the junior-senior banquet, the juniors are selling well known magazines.

Captains Sallie Lou Perry and Willis Manning head the red and blue teams. The winning team has the choice of an ice-cream supper or trip to the movie. If the entire class sells \$250 worth of subscriptions, the one bringing in the most money will be awarded a Bulova watch or \$25 war bond.

Each group is striving to reach its goal of 150 subscriptions in order to make a total of 300.
