Since military authorities urge more driver education courses in high school, Supt. Clyde Erwin has announced that a series of Driver Institutes will be held for teachers and principals so that they may train 2,000, 000 drivers of motor vehicles needed by the armed forces.

Acting as institute director will be Ralph J. Andrews, Victor Corps coordinator for the state department of public instruction.

Rocky Mount has been designated for the Drivers' Institute in Nash County on October 25.

## Bailey Citizen Donates Fifty Dollars To School

To encourage boys and girls to put forth their best effort toward achieving a definite goal, one of Bailey's leading citizens has donated fifty dollars to be awarded next spring.

The faculty agreed that the money could best be used as a stimulus in promoting citizenship practices throughout the school.

To do so, twenty-five dollars in cash will be awarded the student in high school and in elementary school who shows the most improvement in citizenship throughout the year.

This award will not affect the presentation of the citizenship medal given at commencement.

To promote this drive, Bailey school will again offer junior-commando bands, caps, and sweaters to those delivering a stated number of pounds.

All scrap brought to school will be marketed by Nash County, the proceeds going to Bailey school.
