JANE EYRE  
BY  
CHARLOTTE BRONTË

JANE EYRE is not the type of book that permits you to foresee its ending by the time you have read midway. Instead, you are kept in suspense all through the book. Not one but several mysteries are uncovered as the story advances. The heroine is real! You are able to feel her emotions as strongly as if they were your own.

JANE EYRE is written in the first person singular. Because of this you feel as though the heroine were talking to you.

Throughout the book the authoress has a pleasing way of speaking directly to you.

"Reader, do you know as I do, what terror those cold people can put into the ice of their questions?" inquires Jane Eyre. when a very stern, reserved man asked her a question.

Girls especially should read JANE EYRE. It is humane.

CABBAGES AND KINGS  
BY  
O'HENRY

CABBAGES AND KINGS is a series of connected stories based on the government and life of a small island near South America. Although the book is connected by all the stories taking place in the same setting, every story tells about a different person or incident.

A book of action, stirring you on to the next selection, is this portrayal of an island town, Corolio. Romance mixed in with robbery and trickery makes the book exciting and thrilling, although some incidents make you chill with horror.

The most interesting story in the collection is the joke the white man played on the natives to get them to buy his shoes.

Altogether, taking the stories as a whole, the book is entertaining, daring, and whole some literature.
