

Rooms Use Dollars For Various Purposes

Winning rooms in elementary and high school are using to advantage their dollar awards received for having the most parents present at P.T.A.

In high school, the seniors spent the dollar for paint and polish to improve their room. The sophomore boys won the second month; the sophomore girls, the third. The girls plan to use their money for home room beautification.

Winning all three times in elementary school, the third grade has three dollars not yet spent.

As the primary and elementary departments were checked separately the first month the seventh grade won also. They used their dollar for a party.

BAILEY TEAMS PLAY EXCHANGE GAMES WITH OTHER SCHOOLS

Exchanged basketball games have been held with Middlesex and Spring Hope schools by the Bailey teams.

From the two games the Bailey players appear to have the edge on the opposing teams. Spectators commented on the evidence of good coaching displayed by both teams.

A regular sports' schedule will not be had this year because of gas rationing; however as many games will be played as possible.

In addition to basketball a full time schedule of general sports and physical education for all students is in the making for the New Year.
