

# What The Well-Dressed Girl Will Be Wearing This Spring

Dresses with low necks, suits, and beret hats in bright colors are leading in the spring fashions.

### SUITS

Suits add great variety to the wardrobe. They can be worn with different blouses and sweaters to make them look entirely different. Suits of gabardine, men's-wear-worsted, tweed, twill, soft crepes, and faille are the most widely used materials.

### DATE DRESSES

Dresses made with scooped, square, and high necks, cap and slightly puffed sleeves, weskit waistline, and soft draping skirts are to be worn for dates.

### HATS

Dutch bonnets, berets, and halfhats are the leading hats of 1944.

### ACCESSORIES

Accessories for the costume are to be mostly white.

### SHOES

The leading shoes are sandals of black patent leather, clear brown, and white.

### COLORS

Yellow, gold, tangerine, reds, spring greens, lilacs, blues, cocoa-brown, pinks, and pale coral are the leading colors.

### HANDKERCHIEFS

Handkerchiefs are going to be small and colorful.

## Girls Prepare Lunches

In order to learn more about planning, cooking, and serving lunches, the first year home economics prepared lunches.

Second period home economics girls worked out the following menu: scalloped potatoes, muffins, apple salad, lemonade, and cream pie. Meat loaf, cream of tomato soup, scalloped potatoes, orange and grapefruit salad, muffins, lemonade, and tapioca pudding was planned by the third period girls.

## Sophs Have Picnic

After finishing the study of packing a school lunch, the sophomore girls had a picnic at Meacomo's Park last week.

Each girl planned and packed a lunch of her own. Upon reaching the park, the class played games. Later the picnic was spread on the tables.

## H. E. DEPT. HONORS MOTHERS

The third year girls entertained the home economics girls and their mothers at a tea given yesterday afternoon from 6:30 o'clock to 7:30 o'clock in the home economics department.

Russian tea, punch, tea cakes, butter cookies, nut cookies, salted peanuts, toasted pecans, and pimento and cream cheese sandwiches were served.

Decorations of buttercups were used throughout the department. On the table was a center piece of Japanese Quince. Red, white, and blue napkins gave a partistic touch.
