

# Kicks And Praises (GLEANED HERE AND THERE)

I certainly hope the other classes don't follow the examples set by the seniors this year.

That is a cute bell Mr. Weaver is using as a substitute for the real one. Where did he get the idea???

What's become of the student government question we heard so much about last year?

I wish we could get ice cream everyday.

I'm glad I come to Bailey high school. Not bragging, but look at the things she has won this year.

This soup certainly is good today.

The seniors, for some reason, don't seem to like their pictures,

How I wish I could get "A" on conduct just once more!

I would certainly be glad if the gas would get so Mr. Weaver couldn't get any to take us down street.

I am glad we have started taking in school carlbr, because I can work more in the evening.

How about that new bell we have?

The senior pictures really do favor them.

We certainly are glad the juniors have invited our grademothers to the banquet. Thank you, juniors!

We tenth grade girls are getting "iller" every day.

I can beat this corn pudding myself.

The seniors act as if they were brothers and sisters.

Wish I could go up town so I could get some good candy.

We will be out of school before long.

## WHO CAN ANSWER

We have all heard that the seniors are babies, careless and thoughtless. Their recent ride at Lake Myra proves it. Ask Maude, Arah Pearl, Rosanna, Bobby, and Elton. W.M.
