

Spirit Of Christ Should Prevail At Christmas

"PEACE ON EARTH, GOOD WILL TOWARD MEN" heralded the birth of Christ."

This year that same message is a prayer breathed in the heart of every person as he looks toward the future.

All the love, forgiveness, justice humanity, fairness, and gentleness, that Christ symbolizes should be the pattern followed by everyone on His birthday.

This true Christmas Spirit will best commemorate His way of life.

Again the Bugle reminds its readers that Christmas is spelled C-H-R-I-S-T-M-A-S, not Xmas.

Music Necessary For Round-Developed Life

Music, though never entirely absent from Bailey, is now offered as a full time subject and arouses more enthusiasm this year.

Those able to be in the Glee Club appreciate the training and are striving to do real work, while those students taking private lessons in voice and piano are proud of the opportunity for individual study.

Appreciation of music is a great asset throughout life, as it offers a splendid means for recreation.
