

The doctors have advised Bobby Vick to stop basketball because of arthritis in his left shoulder. We'll miss those long shots! !

Since the extended holidays, because of the bad weather, the games with Middlesex, December 20, and Whitakers, January 4, were missed. These games are now scheduled--Middlesex (here) January 11 and Whitakers (there) February 19.

Attendance at basketball practice has slackened because of the bad roads.

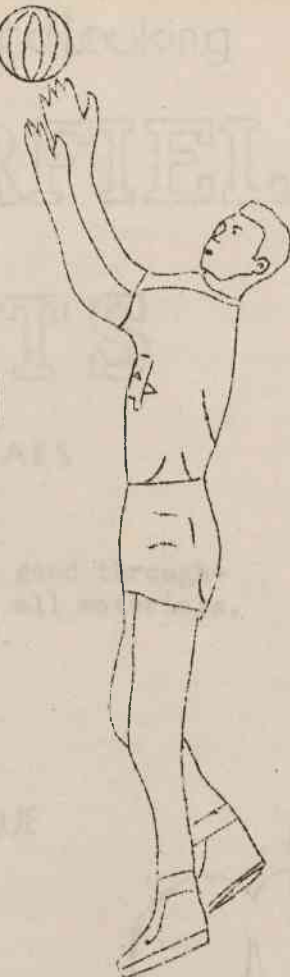

Congratulations to Madge Brantley and Bobby Vick for their high scores in games this season.

Mary Grey Wiggs and Janice Bunn on last years team, prove that they can keep their man down. Also a girl that has done unusually good for her first year is Maxine Medlin.

Pete Stone is credited with the best ability to guard his man on the boys' team.

Janice Medlin and Clara Jean Stone will not be able to play basketball very much this year because of leg injuries.

Anna Leigh Johnson and Octavia Beard lead the yells for basketball games.

Nashville Game Best Yet Declares Coach

"The teams played the best game yet," asserted Mr. M. W. Weaver, referring to the game at Nashville, December 14.

The girls' score was 19 to 17, Bailey only loosing by one goal.

Playing off a tie three times, the boys lost with the score 36 to 32.

Mr. M. W. Weaver also stated that reasons like shooting at the basket more, moving faster, passing the ball better, guarding more closely, and having more competitive spirit caused the improvement of the game.

Green! Gold!
Green! Gold!
Our squad has hearts of
gold its' true,
When Bailey's whirlwind
team is thru,
All losers faces will be
green
With many a teardrop to
be seen.
