### Friends Donate To Garden

The children of the 1st. and 2nd. grades in Mrs. Van Noppen's room are grateful for the help of friends in the town and school. Mrs. Ruffin sent them a lovely bowl of gold fish, Mrs. Winstead gave them parrot's feathers for the fish, Mrs. May brought lovely flowers and flower containers for the garden, and Mrs. Underwood brought a rooted sultano.

The children in the room are bringing attractive plants too, Elizabeth Rose brought verbena plants and Rose Lee a fern.

### Enrollment Permits

#### Additional Teacher

There are one hundred eighty pupils enrolled this year in the primary grades, a decrease of 13 students over last year. We are very happy to have another teacher, Mrs. Elkins Christian, to help such crowded conditions. Mrs. Christian has a third and fourth combination grade.

There are now forty-four children in the first grade, thirty-eight in the first and second grade, forty-four in the second grade, thirty-eight in the third grade, and thirty-four in the third and fourth grade.

Another teacher is needed in the primary department, but if we are to get another teacher, we must have a good school attendance since the number of teachers is based on attendance.

#### SAND BOX GARDEN

The third and fourth grade have a sand box and they are filling it with different kinds of plants and flowers.

We hope to have at least 50 different ones in there by Christmas.

### SEPTEMBER

September is a pleasant month.

The weather is nice and cool.

Vacation days are memories now,

And we go back to school.
