

HERE AND NOW

Cupid And Children Reign Today

"When we get out on short schedule, it is either because the busses have played out or because of a rainy day," said Mr. M.W. Weaver when asked about SHORT SCHEDULE. Repairing old busses which have "practically given out" was also the cause of the two-day holiday the school had.

Elsie Mae and Dorothy Rooker, eleventh and tenth grade STUDENTS, have moved with their family back to Henderson, their former home. In letters received by friends they say that they "enjoy being back with old friends".

Mrs. A. H. Farmer is doing DOUBLE DUTY in the field of journalism by being one of the advisers for the BUGLE and by serving as chairman of the editorial board of the NORTH CAROLINA ENGLISH TEACHER. Five issues of this magazine are published during the school year.

HONOR ROLL

Third Grading Period

of the program committee; her helpers are Evelyn Poole, Lois Ray Pace, and Peggy Brannon.

"A decorating committee was not appointed," comments Miss Edith Farmer, junior sponsor, "because we don't know how much decorating is necessary until we investigate."

Grademothers, Mesdames Kermit Lewis, I.T. Poole, and Jack Collie, have offered their assistance in decorating.

Only once a year do we wear our hearts on the outside and that is today-- Valentine Day. But we had better beware of Cupid, competitor of Puck, the mischief maker, for he's likely to shoot an arrow that will result in tangling affairs.

Valentine is also a day for showing kindness and sending greetings. These greetings may be sentimental or merely comical.

Because of their free expression of love this day is looked forward to by the small children more than by the grownups.

Valentine has a universal appeal. Every language has the expression, "Will you be my Valentine?"

Gr. Mothers Offer Treat

Grademothers offer treat to all juniors who have perfect attendance or honor roll grades.

In order to increase perfect attendance and better grades, Mesdames Jack Collie, Kermit Lewis, and I.T. Poole, junior class grademothers, are offering a ten-cent treat to all students in the junior class who make honor roll grades or have perfect attendance at the end of each six-weeks-grading periods. Those students eligible for the treat will be permitted to go uptown to the drugstore at their designated period.

The twenty students who won the award for January chose the fourth period. A different period will be used each month.
