Joyce Brantley has recently established a new style in socks. She has been wearing socks of contrasting colors. This ties up the sweater and skirt colors to perfection.

Hear ye....We have two new additions to the bobby soxers, Miss Wilma Johnson and Mrs. Howard Wilson. Miss Johnson can be seen plodding down the halls and out to the gym in melon-colored bobby socks with her health class. Mrs. Wilson's favorite colored ones are yellow. She wears them driving to school on cold mornings. They both shed them, however, immediately after they serve their purpose.

Derl Pace has taken a special liking to wearing lipstick lately, and for a

very special reason.

Spring around the corner and "Cotton Week" will soon be bringing out gay cottons, giving color, crispness, and gayety to the budding spring.

A new style in shoes has been set by Lois Ray Pace. Hers are brown suede moccasin type.

These cold mornings Jacqueline Collie's fur lined shoes produce envy on the part of everyone.
