Fifth Has Valentine Box

The fifth grade had an enjoyable time on February 14. We had a Valentine box covered with white paper with hearts and cupids of red. Each child received many, many valentines. We used the dollar we had won at PTA to buy ice cream. This wasn't enough money so we had to take some other out of the treasury.

FOODS TO EAT STUDIED

We have a chart in our room about the seven basic foods which we have been studying. We are trying to learn what kinds of foods are best for us to eat every day so that we can be strong and healthy boys and girls. Some of the foods we should eat are green and yellow vegetables, fruits, and other vegetables, milk, meat or meat substitutes such as eggs and beans, bread or cereals, and butter or margarine.

EIGHTH GRADE TEAMS PLAYS MT. PLEASANT TEAM

Monday afternoon, February 24, the eighth grade girls played a game of basketball with the eighth grade girls of Mount Pleasant in the gymnasium here. After spirited playing the score at the half was 20-4 in favor of the local eighth grade; but in the last quarter the score was 22-20 in favor of the Mt. Pleasant girls.

The captain of the local team was Ruth Eatmon, and the Captain of Mt. Pleasant team was Lois Jean Medlin. The high scorer for the eighth grade of Bailey was Ruth Eatmon with eight points and second was Hazel Creech and Patsy Edwards with four points each.

Lois Jean Medlin was high scorer for Mt. Pleasant with 14 points and Jane Morgan was second with six points.

The eighth grade of Bailey took their loss with calmness and plan to play them again.

Bird Club Builds Boxes

At the beginning of the year we organized a bird club. In our room we have many kinds of bird pictures and posters. We chose a boy from each row to be chairman to make a bird box. They were told on February 5 to have them finished by February 14. The following made bird boxes: Clayton Brock, Gene Finch, Rudolph Manning, Earl Manning, R. O. Pace and F.D. Lamm. Gene Finch's bird box was chosen the most attractive. F.D. Lamm made a bird feeder for us. In our bird club we are going to carve birds from soap.

Fourth Grade Receives Cleanliness Reward

We have a doctor and a nurse to go around the room every morning to see if we are clean. If we are clean, we get an Ivory Bar-sticker beside our name on the room inspection patrol chart. If we fail to have our nails clean, our teeth brushed or if we need to be a little cleaner we get a yellow sticker which is a caution signal. If we are not clean at all, we get a red sticker which means "Stop; you are not clean." If we have at least three Ivory Bars by Friday, we get a blue ribbon to paste on our charts at home. We are working hard to get as many blue ribbons as possible for they mean that we are keeping clean.
