Pupils Study Paragraphing

The fourth grade has been studying paragraphs in their language class.

Below are two of the first paragraphs handed in.

A GOOD DAY

One day Bill was going to school. He saw a dog that looked like a fuzzy bear. The dog followed Bill to the room that Bill was in. He went to Bill's desk and sat beside Bill all day long. When it was time to go home, the dog followed Bill home. The dog stayed with Bill a month. Bill named the dog Blacky.
