

The Past Comes To Date

CLASS OF '26 AND '47

Mae Vick Batts

Upon recovering from an operation performed soon after graduating, Mae went to work in Washington, D.C. Soon afterwards, her father, a rural mail carrier, needed a substitute on his route and asked her to come home. She returned, assisted him, and also worked for the News And Observer. On December 6, 1934, Mae married R. M. Batts and lived in Bailey for several years.

Because of her father's illness and death in the winter of '35 and '36, she carried the mail for him every day except one. After her father's death, she went to Newport News, Va., and did defense work as a crane operator. When the war was over, she went into dry cleaning work. "This work is very interesting and I enjoy it", she states.

Letters, requesting information regarding their activities since graduation, were written to each of the nine girls who graduated in 1926.

Eva Taylor Morgan, Alice Bragg Miller, and Mae Strickland Eddleman were not heard from.
