

Some Things We Did  
In November

Our grade had a good time in November.

We love the stories of the Pilgrims and the first Thanksgiving in America. We gave the November PTA program. After a Thanksgiving devotional, we gave a little play based on Robert Louis Stevenson's poems.

Tuesday before Thanksgiving, Melvin Brantley's grandmother, Mrs. Joyner, knocked at our door and asked for Melvin and Tommy. In a few minutes they came back with ice cream and fig newtons that Melvin's grandmother and mother served to all of us. We were glad to have Mrs. Lewis come down too. It was a nice party and we thank Mrs. Joyner and Mrs. Brantley.

The next day our teacher took us for a walk. The trees were beautiful in their bright fall dresses. We took a basket of fruit to J. W.'s grandmother who is sick.

We saw pigs, cows, horses, dogs and chickens on the way, also a fish pond with fish in it.

Doll Project Complete

We are proud of the tepee and Indian dolls we made in connection with Thanksgiving. The girls cut the body, legs and arms for the dolls from a flour sack dyed light brown. The parts were sewn together and stuffed with cotton. Our teacher made hair for the Indian squaw and warrior from black wool and helped us dress them. While the girls were making the dolls the boys were busy making an Indian tepee. They brought the poles from home to make the frame, and the cover was made from flour sacks with designs colored on them.

Mother Surprises Class

We had a surprise Thanksgiving party. Delores Johnson's mother gave us the party. We had candy, cakes, oranges, apples, and drinks. It was a happy Thanksgiving party. We told Mrs. Johnson thank you for the party.

First Grade

WE LIKE TO COLOR

Mrs. T. C. May sent us some Christmas color books. She is one of our grade-mothers. We wrote her a letter. We told her thank you for the books. We like the books very much.
