

## HERE AND NOW

As soon as the first bell rings for school each morning, one can hear the juniors and seniors asking each other, "Do you have your English for today?" That Mrs. A.H. Farmer, their English and literature teacher, is "bearing down" is reported by the juniors and seniors.

There are approximately 340 inches of advertisements in the Bugle each month, including the full page ads.

## HONOR ROLL

## For Third Six Weeks

Name	Grade
Jacqueline Collie.....	12
Jackie Edwards.....	12

## Teachers Voice High Opinion Of Students

Students are sometimes prone to think that teachers see only the bad points in them, never any good. A visit made to all the teachers has proved this argument to be groundless. The teachers were lavish in their good-will expressions.

The compliments included such terms as "students are good-natured--court-cous--cooperative---willing (to the best of their ability)---sympathetic---friendly-----inquisitive (the more they ask the more they'll know)--patient--jolly--neat---optimistic--more broadminded--interested--enthusiastic--self--respecting (fifty-per cent.)"

## Do You Always Pronounce These Correctly?

fire---(fir)

inquiry---(in kwir' i)  
(in' kwir' ri)

get---(get)

have to---(hav too)

this---(this)

says---(sez)

onliest---(no such word)

his self---(no such word)

envelope---(en' vō lōp)  
(en' vō lōp)  
also (en' vōl' ūp)

advertisement---(ad' vūr' tiz' mēt)  
(ad' vūr' tiz' mēt)

author---(o thor)

bouquet---(bōō kā) (bō kā)

## Necessity Requires Combining Issues

Because of three-week absence from school for bad weather and nearness to the date the journalism class leaves for New York, this edition of the BUGLE is a combination of the February and March issues.

The combination of the two issues enabled the journalism class to publish a paper before the date of the New York trip.

Since there will be eight instead of nine editions of the BUGLE, each merchant advertising for the nine issues was offered a refund for the one month missed. Nearly every answer was "just forget it".

## It's True, But Whoknew?

That one can place his hand on the bottom of a kettle of boiling water without being burned?

That more people catch cold on Monday than any other day?

That for a long period of time, Bailey citizens were required to pay no town tax?

That smallpox is one of the most contagious diseases?

That most sponges are found in tropical waters; however some live in polar seas?

That the oak is a member of the beech family?

That the word "Good-o" is substituted for "Right-o" in Australia?
