

Staff Sets April 23 For Clean - UP Day

MISS E. FARMER JOINS NATIONAL MATH CLUB

Miss Edith Farmer, high school math and senior home room teacher, has been given the opportunity to join the National Council of Teachers of Mathematics.

This is "the only national organization devoted solely to the improvement of the teaching of elementary and secondary school mathematics."

The invitation was extended on the basis of her "interest in mathematics and upon the recommendation of the National Council representative in her State."

STAFF SETS REQUISITES FOR MEMBERSHIP

Before a student may enroll in journalism, he must meet certain standards.

These standards have been set in order that any student may not elect this course principally as a means of getting a trip to the Press Convention.

Mr. M. W. Weaver, principal, and the staff supervisor have approved the following requirements:

1. Interest in the school paper and supporter of all that it stands for.
2. Good English foundation.
3. Dependability.
4. A willingness to work and give extra hours outside of school time when necessity demands.
5. A spirit of tolerance, fair play, understanding, broadmindedness, and a willingness to give one's worst enemy all the credit due him for any honor.
6. Only A and B students except in special cases where aptitudes reveal special abilities needed by the paper.
7. No freshmen except by special permission--said permission to be based on qualifications of students.

English Gr. Constitutes Six-weeks Work

English projects for the six weeks of grammar include emphasis on developing a composition, understanding complex sentences, verbs and verbals, and increasing one's vocabulary.

After learning the details of writing an expository composition, each senior has made an outline and a bibliography and is writing a lengthy composition on any subject that interests him. Writing from the heart has been stressed rather than for the teacher.

Verbals, vocabulary building, and pronunciation are the sophomore and freshmen units.

In addition the freshmen have made a thorough study of the conjugation of verbs.

J. GLOVER RATES TOPS IN VOCAL CONTEST

In the Eastern District Vocal Contest for the state finals, Jean B. Glover, sophomore, won over approximately 25 other music students for first place in the Intermediate group, composed of less advanced students.

Clean-up day will again be sponsored by the journalism class on April 23.

All chairmen are to meet in the journalism classroom April 19 at activity period.

The same procedure as of last year will be followed.

Chairmen will appoint assistants for various jobs.

Each committee will be held responsible for his assignment.

NEEDS

Money needed to purchase cleaning equipment will be supplied by the general school treasury. Students will be asked to bring materials like cloths, buckets, and mops.

To aid the principal in his emphasis toward developing citizenship and to show civic pride is the purpose of the journalism class in sponsoring this clean-up campaign.

CHAIRMEN

Chairmen appointed are Jessie Mae Dew, Jimmy Jones, Lester Bissette, Mavis Perry, Gladys Boykin, Jean B. Glover, Evelyn Poole, Alice Ferrell, Margie Peele, Mr. J. H. Wells, and Jackie Lois Edwards.

Although she is too young to try for the state award, she rated excellent on the certificates she received.

The state prize is \$2,500 scholarship to Juilliard School of Music, New York.

Jean plans to enter again next year.
