

### Conference Scheduled To Open in December

Although the Nash County Conference will not begin until the second week in December, several practice games are in store for the team's prospect players.

#### PAST PLAYERS EXPECT TO RESUME OLD POSITIONS

Seven of last year's players who in all probability will play again this year in their former positions are four seniors--Theron Sanders (forward), Charles Williams (forward), Eldred Perry (center), and Ed Pace (forward or center). Players in the junior class are Owen Strickland (guard) and Gene Finch (forward). Lamar Finch (forward or guard) is the only sophomore to report from last year's team.

### Freshmen Lead In New Prospects

Among the prospects for the coming team are James Paul Stott, Cornelius Boykin, Wiley Williamson, freshmen; and James Wiggs, sophomore. Other students are expected to try out for the team even though they haven't as yet signified their intentions of doing so.

#### COACHES EXPECT WINNING TEAMS

Although many on past year's team graduated last spring, the coaches are expecting to develop winning teams for this season.

### Dunn to Coach Boys; Tomlinson, Girls

For the first time in several years, two coaches, one for the boys and one for the girls, replace a one-man coach.

Miss Rebecca Tomlinson, of Black Creek, a physical education major and a graduate of Appalachian and Peabody Colleges, is the first girl coach Bailey has had in several years.

Burley Dunn, also a physical education major, is the new coach for the boys. Coach Dunn is a graduate of Elon College, and Roxboro is his home town.

Basket ball practice is scheduled to open the middle of October.

The season will open this year, as of previous years, with the inter-class tour-

nament.

Some of the sports activities for the year will be basket ball, touch football, baseball, and soft ball for the boys. Soft ball, volley ball and basket ball is scheduled for the girls.
