

P.T.A. Plans And Committees

First meeting of the P. T. A., under the guidance of Mrs. Jasper Finch, president, was devoted to hearing committee reports and goals of the year as outlined by the Executive Council.

The program was opened with music by Mrs. Mary Tichenor and songs by some of her students.

Mrs. Tichenor hopes to train a third grade rhythm band, develop two-part harmony singing with students from the fourth through the eighth grade, and four-part harmony with the Glee Club.

GOALS

Goals for the year include installing lavatories in all the primary rooms, beautifying the school ground, broadening grademothers' activities, and limiting some of this year's drives.

Principal M. W. Weaver suggested that grademothers not serve more than twice this year; instead he pointed out how they might help the conditions of the classrooms.

RECEPTION

The hospitality committee, composed of Mrs. Laurine Lassiter, Mrs. Frances Rouse, and Mrs. C. D. Phillips, held a reception in the home ec. room. Punch, cokes, and sandwiches were served.

Mrs. Lassiter's tenth grade and Mrs. Rudolph Glover's second grade attained the room prizes, one dollar each, for having the required 25% attendance.

The school's general aid supplies is retained by Mrs. J. P. Underwood. Thirteen emergency kits have been distributed to all the grade rooms and one place in Miss Edith Farmer's homeroom and one in the home ec. room.

Principal Weaver commented that he believed that the school enrollment would not attain the height it did last year. The grammar grade enrollment is up to par.
