

## Sophomores English Discuss Needs Of School

After a unit on public speaking the pupils of Mrs. Farmer's tenth grade English class closed their study with a discussion on the needs of the school.

### LUNCHROOM

Among the items discussed was a new and larger lunchroom. The one now used cannot seat the entire high school. The old lunchroom could be used as a balcony for the auditorium.

### LOUD SPEAKER

A loud speaker in the auditorium, another suggestion, would make it possible to hear more distinctly when a large crowd is present. This addition

would probably encourage attendance to all activities held there.

### PLAY GROUNDS

It was pointed out that the grounds of the school need improving. Grass and shrubbery in front of the building would help the school's appearance. Behind the school a space could be set aside for outdoor games, volley ball, base ball and soft ball diamond, skating rink, tennis court, and a place for smaller children to play.

### DRESSING ROOMS

Now that the dances are over, which were sponsored by the American Legion,

the floors need painting and the dressing rooms cleaned and repaired.

### BOOKS

More books are also needed. Some of the ones which are now in use need repairing.

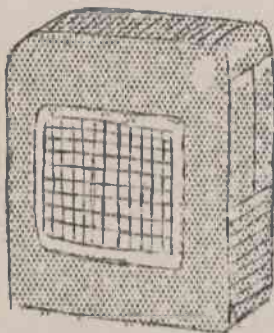

In conclusion the class discussed the need of more co-operation in the school, particularly in the halls.

In discussing the needs of the school all participants were interested in seeing improvements made.

Miss Tomlinson: Charles, will you please be quiet?

Charles: I wasn't talking. I was motioning.

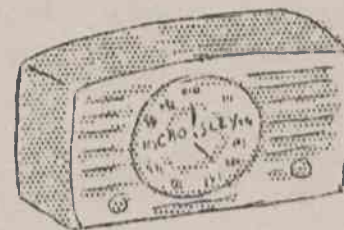

Miss Tomlinson: Well, that was a loud motion.
