

## Dunn Capitalizes On Mishap To Get New Car

A sudden misfortune while on the way to Lexington, N. C., caused Coach Burley Dunn to make a quick exchange of cars at a car lot in High Point.

A burned-out bearing in his '34 Chevrolet forced Coach Dunn to stop in High Point, N. C., at a used car lot, where he made an exchange from the Chevrolet he was driving to a '39 Mercury so that he could continue on his way to visit his sister in Lexington.

This, of course, is Dunn's version; but our belief is that since this is his first year of teaching, his checks may have caused him to get a sudden yearning for an exchange of cars or maybe a desire to have a car that might possess the quality of the go Mercury-Speed.

## Boys Acquire New Suits

New suits of school colors that the boys will wear in their first game this year against Spring Hope on December 8, may prove to be the spurt needed to win the game.

The squad has been cut down to twelve players. These are Theron Sanders, guard; Charles Williams, forward; Ed Pace, center; Gene Finch, forward; Owen Strickland, guard; Eldred Perry, center and forward; Percy Jr. Murray, guard; Ray Jones Jordan, guard; Rudolph Manning, forward; Lamar Finch, forward; James Paul Stott, center and forward; and Wiley Williamson, forward.

## Class Tournament Aids Coaches In Team Choice

Last night marked the ending of the 1950 class tournament which opened on November 14.

The contest began with the senior boys playing the freshman boys the fourth period. On November 16 the junior girls played the sophomore girls the first period. The junior and sophomore boys clashed the fifth period, November 17. Finally on November 20 at the sixth period the freshmen and senior girls met.

The finals, determining the winning teams, were played last night, the girls playing at 7:30 p.m. and the boys at 8:30.

The purpose of the class tournament is to help the coaches determine the most skillful players under a real situation and to give more play experience to the team.

Winning teams were given a trophy to be held until next year.
