

# The World Needs The Christmas Message

Never before in the history of mankind has there been a greater need for people of all races to heed the message, Peace on Earth, Good Will Toward Men, heralded to the world nineteen hundred and fifty years ago.

Unless each of us begins to practice good will towards others and to promote peace by more tolerant attitudes, better understanding, more co-operative spirit, and less selfishness towards others, the future holds little hope.

May this Christmas be observed in the spirit of Christ whom we honor at this season.

# IDEAL HIGH SCHOOL BOY

HAIR--Clean and well-combed but not plastered to the head with oily tonic.

CLOTHING--Clean and well-pressed. Appropriate for the school day.

SHOES--Polished neatly and without taps.

CHARACTER--Above reproach.

# Juniors, Seniors Need To Budget Time

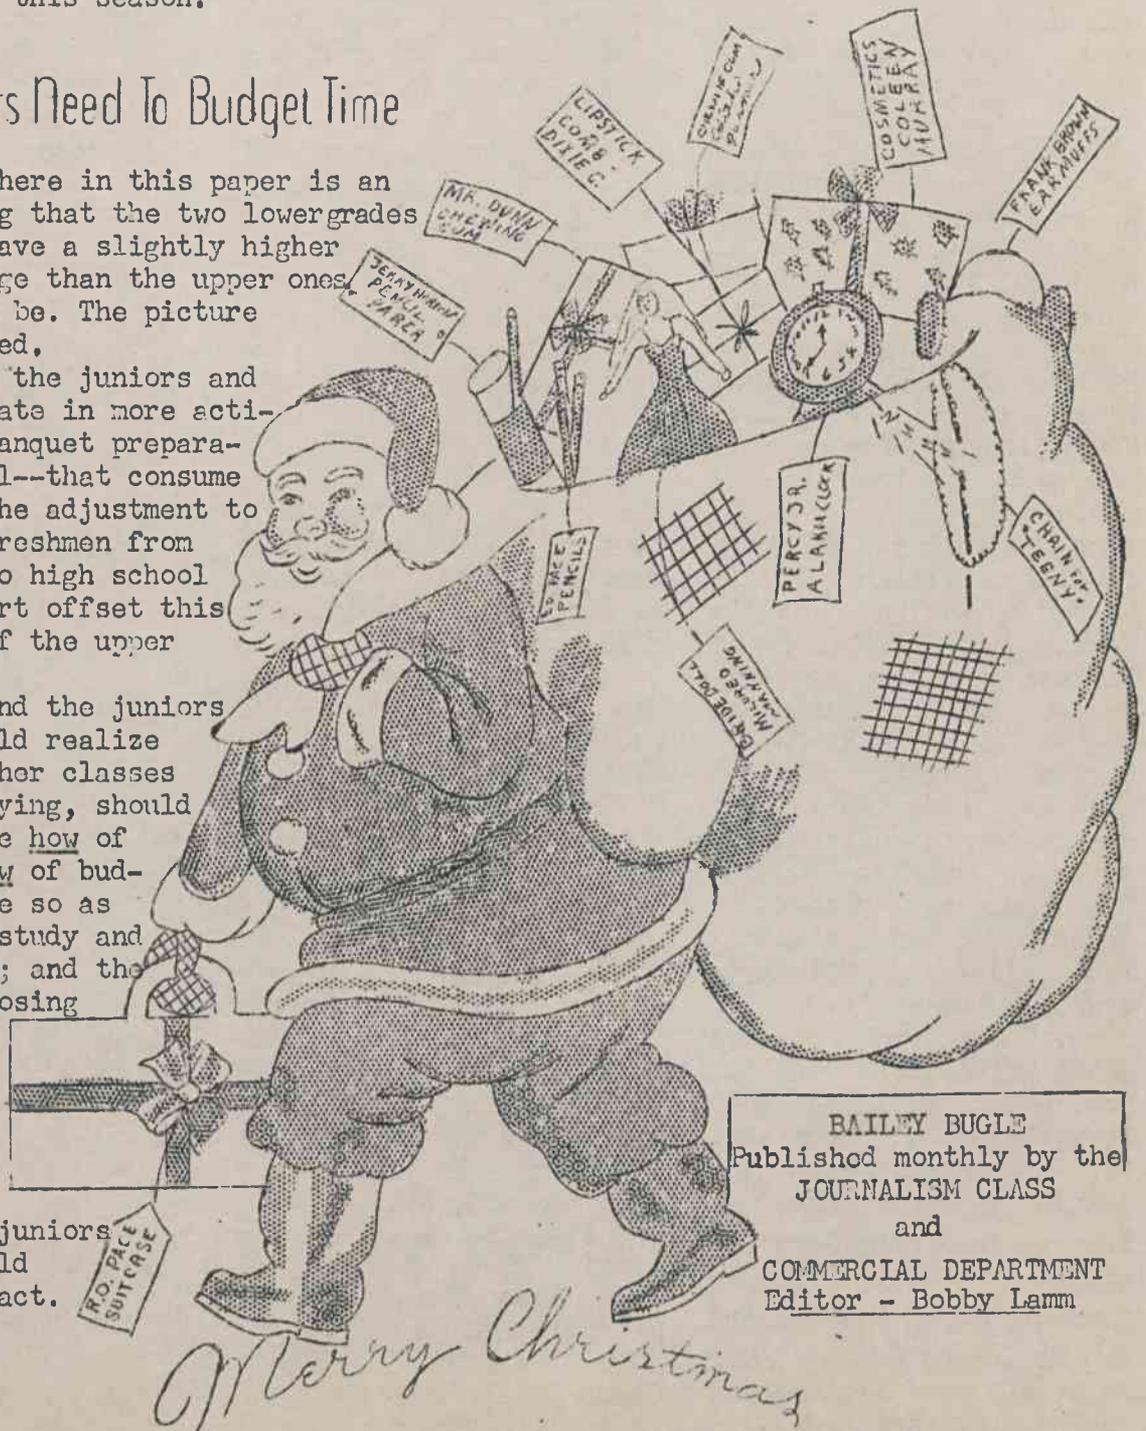

Appearing elsewhere in this paper is an article revealing that the two lower grades of high school have a slightly higher scholastic average than the upper ones.

This should not be. The picture should be reversed.

It is true that the juniors and seniors participate in more activities--plays, banquet preparations, basketball--that consume more time; yet the adjustment to be made by the freshmen from grammar grades to high school study will in part offset this extra activity of the upper classes.

On the other hand the juniors and seniors should realize more than the other classes the need of studying, should have acquired the how of study and the how of budgeting their time so as to take care of study and outside interest; and the necessity of choosing between work and play when the choice becomes necessary.

School is a preparation for life. Certainly juniors and seniors should recognize this fact.
