

## New Year Heralds Two Major Changes

When the New Year was ushered in, two specific improvements were noted by students and teachers, improvements in the principal's outer office and the addition of teachers' cabinets for each classroom.

### NEW CABINETS

The teachers found in their rooms a new and much needed cabinet of soft green, painted almost identical to the color of the rooms. These cabinets may be used for storage of papers, safe-keeping of test papers, equipment used to clean the rooms, and even money.

Principal M. W. Weaver's outer office got a face-lifting during the holidays, and the change is remarkable. Now when one enters the office he isn't confronted with a first-aid table, globes and maps, but with neatly arranged boxes for each teacher. These are handy for the teacher in securing their mail.

### NEW SHELVES

In addition this outer office is equipped with shelves around the room. Alice Ferrell, office secretary, has arranged on these shelves many of the books, magazines, and pamphlets that formerly were stacked in the private office.

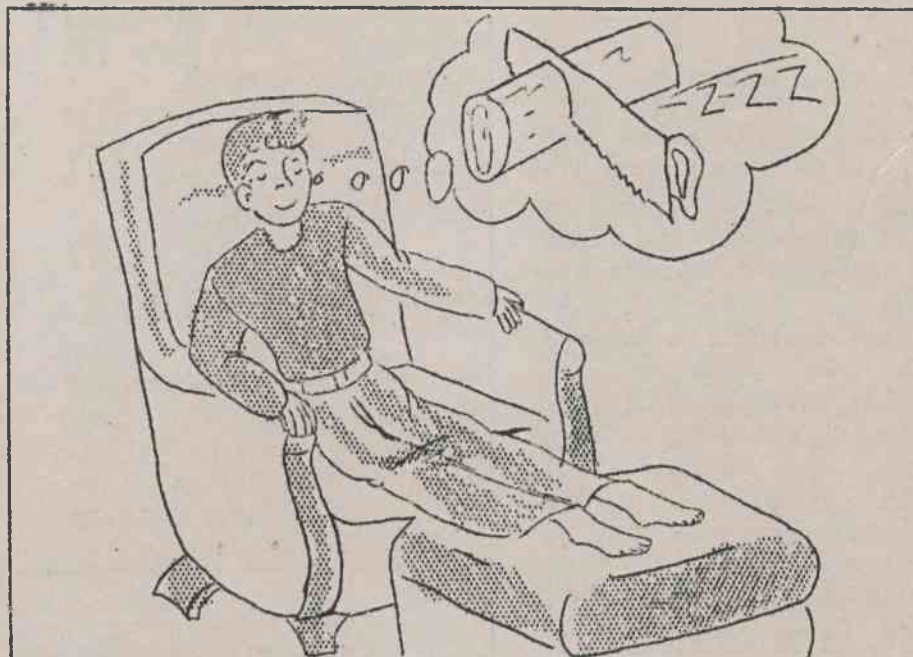

A new lunch room is scheduled for the summer of 1951. The need for a new lunch room is urgent and the people as a whole will find the project a beneficial one.

## Baptist, Meth. Pastors Guests as Chapel Speakers

The Reverend P. P. Hartsell, pastor of the Baptist Church of Bailey, and the Reverend R. E. L. Edwards, pastor of the Bailey Methodist Church, were guest speakers at chapel this month.

The Reverend Hartsell advised the student on how to begin the new year.

The Reverend Edwards spoke on the parable of the sower and pointed out how all students were typical of one of the types of soil.
