

# Students, Teachers Reveal Pet Peeves

When asked the question "What is your pet peeve?" a majority of the questioned answered, "My what?"

Romaine Eatmon has had experience with a Mr. Busy Body and she can tell you they are not very likeable. A snob, it seems to Bruce Perry, is just as detestable. An honest life cannot be led when there are

liars around is Reginald Brown's opinion.

It looks like Ruby Perry has no taste for love stories.

Ernest Griffin definitely dislikes a two-timer.

Expressing a dislike for students who are always

grumbling and talking back to teachers is Burley Dunn. A mutual feeling toward teachers is revealed by Mack Lamm.

Elda Rae Bailey cannot tolerate an unco-operative person and Miss Rebecca Tomlinson has no love for sarcasm. Doris Joyner

## Marimba Player Gives Program For School

Bailey High School students were entertained last week in the auditorium by Mr. Eddie Janns, a Marimba Player from Boston, Massachusetts.

Mr. Janns set up the Marimba, after his audience assembled, in order to let each person see him construct this musical instrument. He then explained about the cost, the materials, the contrast of the Marimba and a Piano. He further explained that it is used for South America and classical music.

When answering questions by the audience, Mr. Janns said, "Although I have been playing the Marimba 23 years, I am still learning something new each day. I was a drummer before I learned to play the Marimba. In playing the Marimba many types of hammers can be used, although I use only six."

According to Mr. Janns the Marimba is not well known because it is a problem to transport from place to place.

Mr. Janns is touring all the Southeastern states.
