Class Studies Gardens

Mrs. Floribelle Bynum's beginners have been studying gardens and how to plant them. In addition to their school work, they are planning to plant a garden at home consisting of their favorite vegetables.

The class is also planning a picnic before the close of school.

Dear Junior Class,

We thank you for the Dutch village. We like the windmill best, but we enjoy it all. We have drawn pictures and written stories about Holland. We have read stories and poems. Our teacher read us Windmills and Wooden Shoes. Mr. Weaver is going to show us a picture about Dutch children. We have visited some tulip beds.

Again, we thank you.

Mrs. Effie M. Moore's second and third grade.

I LOVE THE SPRING-Kay Wiggs
I love the beautiful
bowers.
I love the beautiful trees.
I love the beautiful
flowers.
I love the humming bees.
I love the springtime so
dear.
I love the spring best of
all the year.
I love the butterflies too.
I love the spring, don't
you?

A CAT by Bettie Beard

I wish I had that cat.
He is so big and fat.
"He looks so pretty and
happy,"
Said old grand pappy.

I'll buy him for a dollar.
If he will not follow.
Look at his pretty feet.
I think he's very sweet.
