F.F.A. Wins Two Games, Lose Two

The Bailey chapter proved too much for Middlesex, October 4, as they won both the soft ball and volley ball games.

Owen Strickland was star player for Bailey with one home run, one double, and a single. Gene Finch was right behind with three singles in four trys.

Composing the rest of the team were Jennings Nixon, Newton Glover, Reginald Brown, Tommy Glover, James Wilson, Wiley Williamson.

Bailey won the volley ball event by winning two out of the three games. The same players played in both sports.

Fair Attendance Large

From the Bailey chapter, 57 members attended the State Fair, October 19.

Driving tractors in the tractor show were Frank Brown, Earl Manning, Ernest Griffin, Julian Glover, and Eugene Vick.

35 Greenhands Join F.F.A. Chapter

Highlighting this month's F. F. A. news is the greenhand initiation, October 5, in the shop part of the agricultural building.

The meeting started at 7:15 with the chapter president, Gene Finch, presiding. After the opening ceremonies, the principal item of business, the greenhand initiation, was discussed.

After making sure the 33 boys had said the F. F. A. creed and had met the other qualifications, it was voted that they be accepted into the chapter, and they were promised their greenhand pens.

They were then put into the classroom and came out blindfolded to go through the various stunts.

Chapter Enters Parliamentary Contest

Last night, the chapter competed in the Parliamentary Procedure contest at South Edgecombe.

Each chapter had a team consisting of five offices and one advisor. Bailey's group was composed of the president, Gene Finch; vice president, R. O. Pace; secretary, C. D. Mullen; treasurer, Frank Brown; reporter, Tommy Glover; and advisor, J. H. Wells.
