

Elementary Dept. Loses 28; Gains 4 Elem. Students Engage In Christmas Plans

Although the elementary grades are enrolling four new students, they will fall short twenty-four students at the beginning of the second semester unless more students come in.

Only four new students have entered Bailey. They are Jimmy Wells, Jr., Shirley Morgan, Ashly Morgan, Clara Dale Morgan, all coming from Mt. Pleasant.

CHRISTMAS

Christmas comes only once a year,
But it brings us lots of cheer.

Santa Claus comes and brings us toys,
But only to good girls and boys.

He brings us nuts and fruits to eat,
Candy, cookies, and other sweets.

But best of all on Christmas morn
I know I'm happy because
Christ was born. B. Eatmon

Making friezes, gifts, party favors, place cards, and planning chapel programs are a few elementary grade plans for Christmas.

Place cards used by Mrs. Kermit Lewis at the December meeting of the Missionary Society were made by Mrs. Effie M. Hagwood's first and second grade.

A frieze illustrating Christmas in different countries decorates Mrs. Doris Parker's sixth and seventh grade class room. Both Mrs. Hildred Wright's fourth grade and Mrs. Rudolph Glover's second and third are making Christmas gifts.

Students in Miss Rachel Bissette's seventh grade made Santa Clauses.

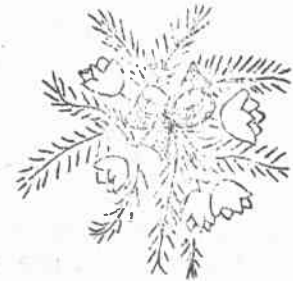

To make one, an apple, tooth picks, raisins,

marshmallows, pecans, cotton, and crepe paper are needed.

Miss Katherine Wood's students preparing a Christmas Chapel program.

Most of the grades are planning Christmas parties.
